

ADDING & SUBTRACTING FRACTIONS MAT

Equation: _____

Find the least common denominator for the fractions.

Convert the fractions to equivalent fractions with common denominators.

Add or subtract.

Write your answer in simplest form.

ADDING & SUBTRACTING FRACTIONS MAT

Step 1: Write the equation.

Step 2: Find the least common denominator for the fractions.

Step 3: Convert the fractions to equivalent fractions with common denominators and solve the equation.

Step 4: Write your answer in simplest form.

ADDING & SUBTRACTING FRACTIONS MAT

Step 1: Write the equation.

Step 2: Find the least common denominator.

Step 3: Convert the fractions and solve.

Step 4: Write your answer in simplest form.

adding and subtracting **MIXED NUMBERS MAT**

Equation: _____

Find the least common denominator for the fractions.

Convert the fractions into equivalent fractions with common denominators.

Convert the mixed numbers to improper fractions.

Add or subtract the improper fractions.

Write the answer in simplest form.

adding and subtracting **MIXED NUMBERS MAT**

Step 1: Write the equation. Find the least common denominator for the fractions.

Step 2: Find the least common denominator for the fractions.

Step 3: Convert the fractions into equivalent fractions with common denominators.

Step 4: Convert the mixed numbers to improper fractions and solve.

Write the answer in simplest form.

adding and subtracting **MIXED NUMBERS MAT**

Equation: _____

Find the least common denominator for the fractions.

Convert the fractions into equivalent fractions with common denominators.

**Add or subtract the fractions.
Hint: Borrow from the whole number, if needed.**

Add or subtract the whole numbers.

Write the answer in simplest form.

adding and subtracting **MIXED NUMBERS MAT**

Step 1: Write the equation.

Step 2: Find the least common denominator for the fractions.

Step 3: Convert the fractions into equivalent fractions with common denominators.

**Step 4: Solve by adding and subtracting the fractions and then the whole numbers.
(Hint: Borrow from the whole number, if needed.)**

Write the answer in simplest form.
