

# Plan an Easter Egg Hunt

Name: \_\_\_\_\_ Date: \_\_\_\_\_

You have 36 children that will be egg hunting. You decide you want to hide enough eggs so each child can find 18 eggs. How many eggs should you hide?

After some thought, you decide to hide plastic eggs with candy inside. The eggs you want come in packs of 8. How many packs will you need to have enough eggs?

The packs of eggs cost \$0.95 each. How much money will you spend on the eggs?

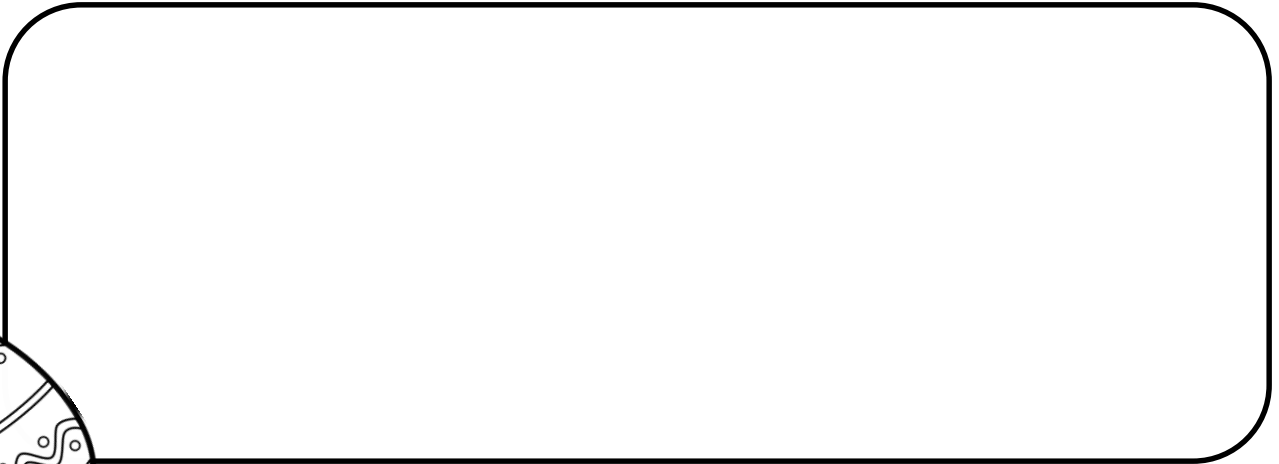

# Plan an Easter Egg Hunt

Name: \_\_\_\_\_ Date: \_\_\_\_\_

You decide to put two pieces of candy in each plastic egg with 10 special eggs that will have 5 pieces of candy in each of them. How many pieces of candy will you need for all the eggs?

The candy you decide to buy comes in bags of 48 pieces. How many bags of candy will you need to buy?

Finally, you are all set! Sketch your egg hunt in the space below.
