Winter STORY STARTER #1

Omar was very excited. The snow was dumping from the sky. He was going to make some money today. By yesterday, everyone knew that this blizzard was coming. Omar went to each house in his neighborhood, and he offered his snow shoveling services. About half of his neighbors signed up.

The next morning, Omar waited until the snow started to pile up, and he headed to the garage. He grabbed the snow shovel and headed to the driveway. Of course, his mom had said that he'd have to shovel that first. Omar bent over and jammed the shovel into the snow. It was wet and heavy. He tried to scoop it up, and the shovel handle snapped in two.

Winter STORY STARTER #2

Juli was having a blast. It almost never snowed where she lived. For some reason, a big winter storm arrived. It snowed all night. She got up early to play around. Almost immediately, she started building a snowman. It was something she'd never had a chance to do before.

As she was getting close to finishing, she noticed how warm it was getting. She was actually sweating! She finished and put the hat on the snowman. She stood back and smiled. To her astonishment, the snowman spoke! He explained that everyone's first snowman comes to life. He then said, "You've got to get me somewhere cold! I'm already melting!"
