

# SOLVING MULTI-PART

## Word Problems

**STEP 1:** Read the first part, and highlight/underline the question.

**STEP 2:** Solve the first part, writing your answer in a complete sentence.

**STEP 3:** Read the second part, and highlight/underline the question.

**STEP 4:** Ask yourself: Do I need the answer or any information from the first part to solve the second part? If yes, write that information down.

**STEP 5:** Solve the second part, writing your answer in a complete sentence.

**STEP 6:** Repeat steps 3-5 with any additional parts.
