# MATH CENTERS SELF ASSESSMENT RUBRIC

Name: \_\_\_\_\_ Date: \_\_\_\_\_

Directions: Complete the self assessment by circling, highlighting, or coloring the level that best matches your work for each category.

Category	Level 3	Level 2	Level 1
Quantity of Work	I completed all of the required work.	I completed most of the required work.	I only completed some of the required work and needed to do more.
Handwriting and Neatness	I used my best handwriting and organized my work.	I used good handwriting that you may have trouble reading in some spots. I tried to organize my work.	I did not even think about my handwriting and you will have difficulty reading my work. My work is not organized.
Completeness	I completed all parts of the tasks completely and showed all of my work.	I completed all parts of the tasks but may not have showed all of my work or thinking.	I did not complete all of the parts of each task and did not show all of my work or thinking.
Accuracy	I doubled checked my answers for accuracy and made sure they were reasonable. If an answer key was available, I checked my answers and corrected any wrong answers.	I took my time and checked over some of my answers to make sure they were accurate and made sense. If an answer key was available, I checked some of my answers but didn't correct them.	I did not check over my work or my answers. If an answer key was available, I did not check my answers.
